“From the ring, to the video, and in the country, we market your livestock the competitive way.”

July 20th, 2022

Sold a few lots on Northern Video earlier in the week and got along great. Had a nice run of lambs and slaughter ewes selling on a steady market for current times. No test on cattle, we are holding until next week. Horse market is strong. Regular cattle sale next week.

Thank you and we appreciate your business!
